

Nairobi Jaffery Academy
The Quest for Excellence
Jarida La Shule

Dear parents,

Hope you are all keeping safe during this rough period in the world.

Our virtual end of term examinations is underway for the whole school. The exams being taken through Exam.net and Forms for KSI, are running smoothly and we thank our Exams and Virtual Learning teams for working tirelessly to ensure that we are able to take up this process.

We have received tremendous support for you at home as well. Thank you for ensuring that the pupils are always on time and for using the hotline number to report any issues faced.

Next week marks the last week of school for the pupils after which they proceed to a well-deserved break. It is very important to keep the children engaged during the holiday and preferably away from the screens.

There are various screen-less fun activities that the children can engage in during the holiday. Some ideas for holiday fun activities include:

- Teach your children new life skills like budgeting
- Reinforce and re-learn old skills
- Learn about a new country or culture
- Teach them how to garden indoors
- Teach them how to cook and bake
- Practice storytelling aloud and writing stories
- Create a family time capsule
- Read a new (or old) book together
- Start a new craft project
- Teach them how to paint or draw
- Play some old educational board games (or puzzles)
- Teach them about the environment, undersea world, coral reefs and why they are important
- Perform basic scientific experiments at home
- Watch an awesome documentary

Hope the above provide some ideas that you can build on to keep the children engaged during their break.

Kindly ensure that the children are preparing for their last exam papers next week.

Have a lovely weekend and stay safe.

Regards,

Carolyn Sila
HSOF

COMING UP

Friday 17th July	SCHOOL CLOSURES EYFS Concert and Graduation
Wednesday 22nd July	EYFS Virtual Parent Teacher Consultation 9am - 3PM
Thursday 23rd July	EYFS Virtual Parent Teacher Consultation 9am - 3PM
Saturday 1st August	Year 13 Graduation

As we gear to the close of the term. Much gratitude goes to the parents and the students alike for the work input; the dedication, persistence and patience. We as a team have conquered adversity.

As the teaching fraternity, we are giving this last week to you the parents and carers to submit any and all pending work that could have been forgotten or not submitted for one reason or another. Hence, we shall not be having live lessons for the rest of the term nor videos. You are welcome to confirm any pending work with the teachers.

With this in mind we take the opportunity to remind the Reception class parents and students to prepare and be set for the upcoming assessments on **Monday 13th for Numeracy and Tuesday 14th for Literacy**. It is an opportunity to gauge the children as per their understanding and readiness for Year 1, of which we are confident they will cope well. We humbly request the parents to ensure that the learners have their stationery and exercise books ready by the appointed time. Kindly ensure that you have alternate incase of power failure, for instance, data bundles loaded in your phone as back up.

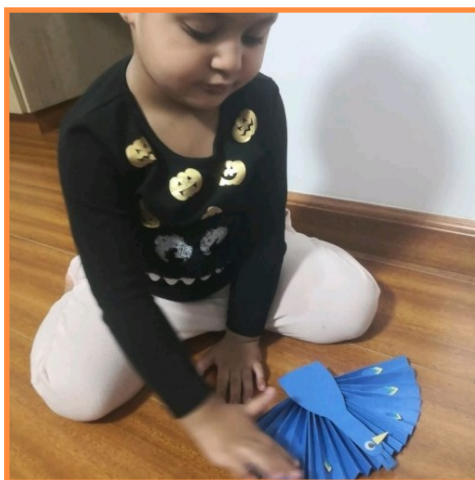

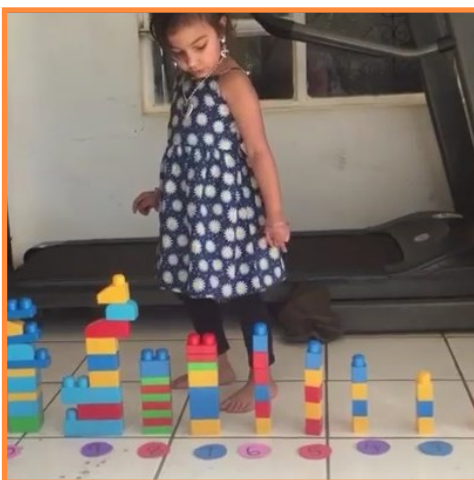

On this same note , we invite all our EYFS parents for the virtual Graduation and concert on MS Teams on **Friday the 17th of July from 10:00am**.

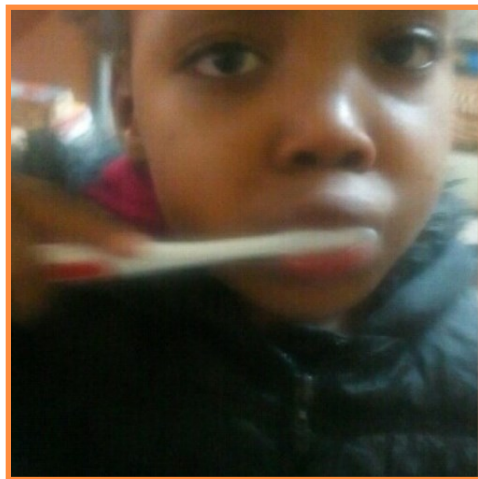

This week we choose to appreciate the unsung hero. *The sibling*; if everyone is moving forward together, then success takes care of itself. The parents and our pupils' siblings have successfully played a big role in ensuring learning takes place, regardless of the current situation. We truly appreciate the siblings.

Life skills is the backbone of a successful future. Our pupils have shown consistence and independence while working. They have learnt essential skills for their survival for future.

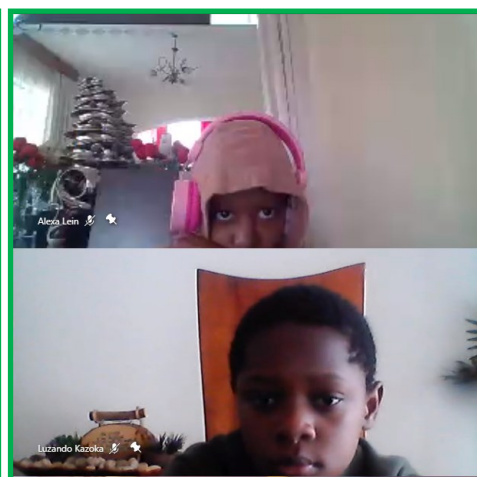

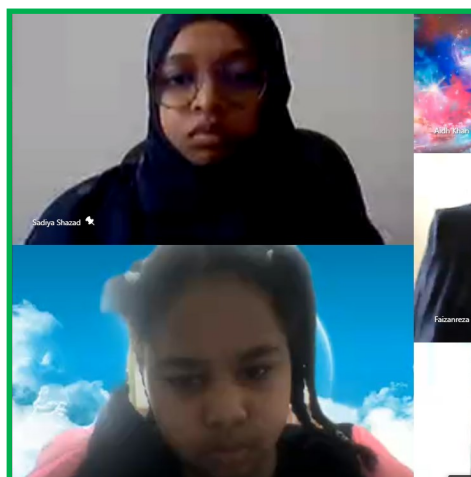

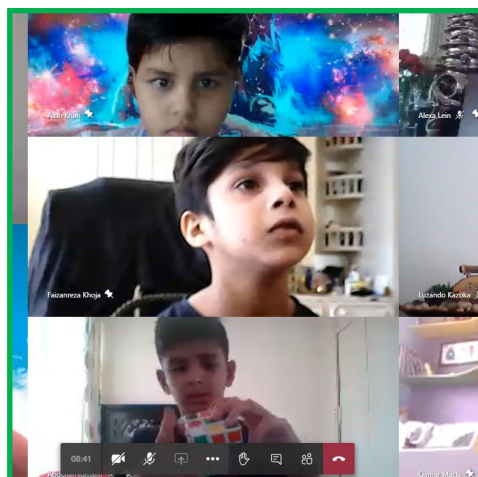

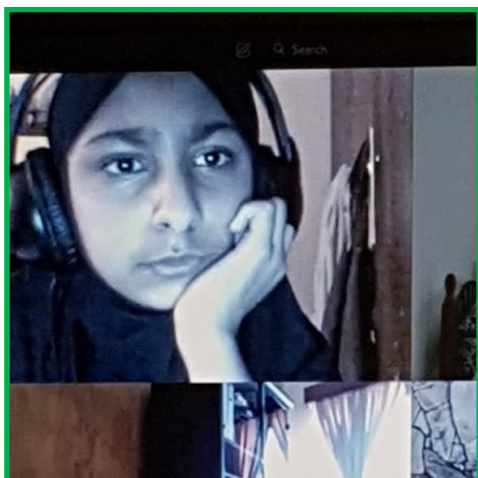

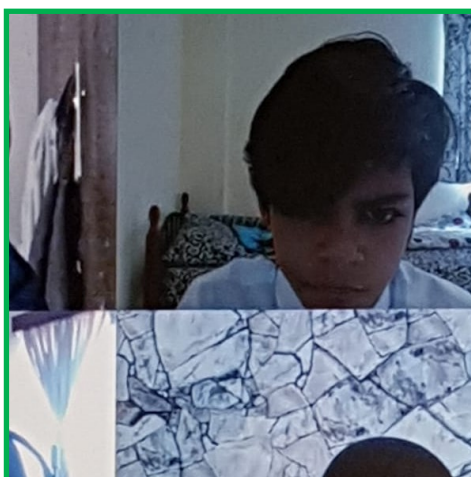

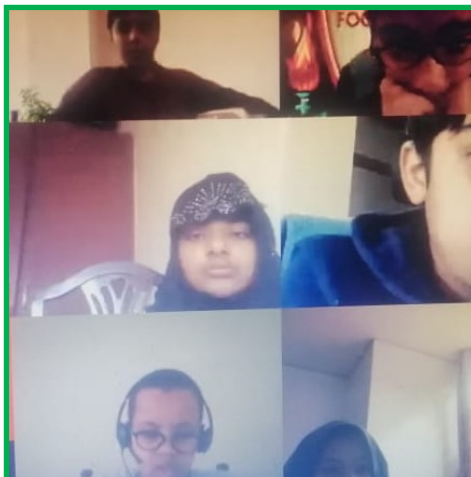

Creativity and learning through fun activities is one attribute of learning that we have surged to the next level.

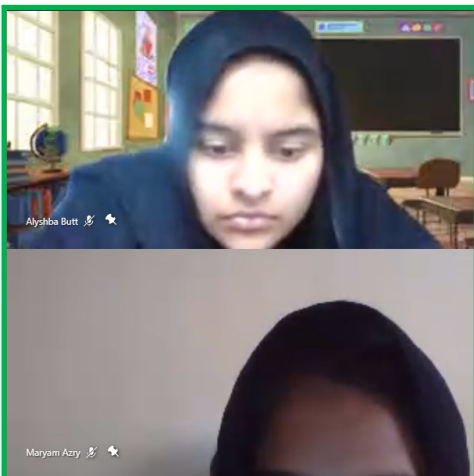

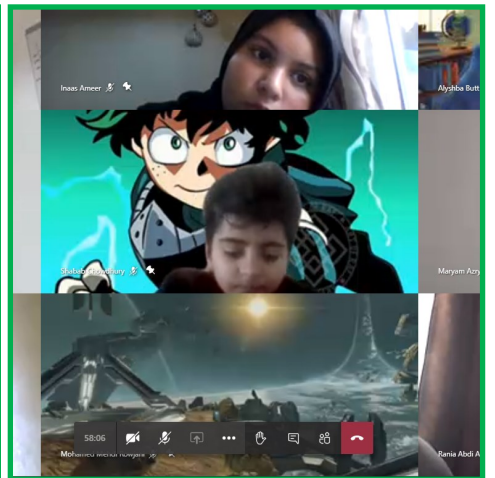

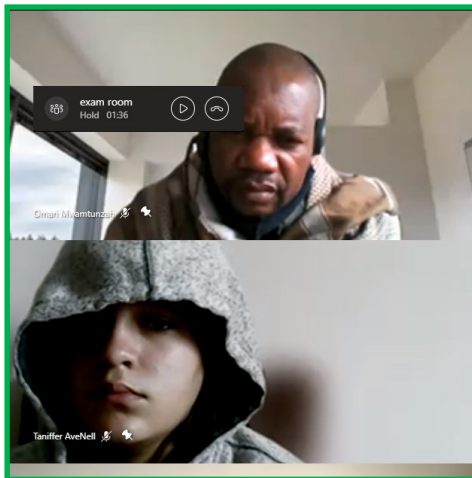

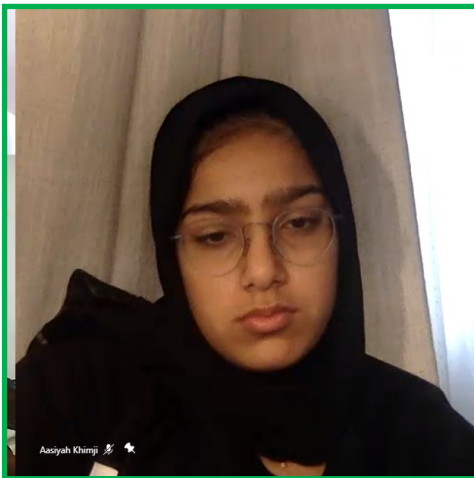

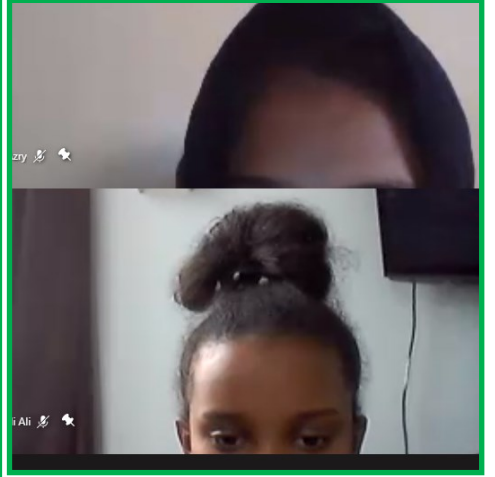

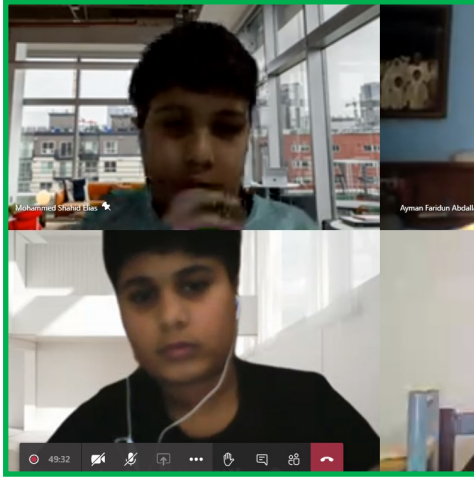

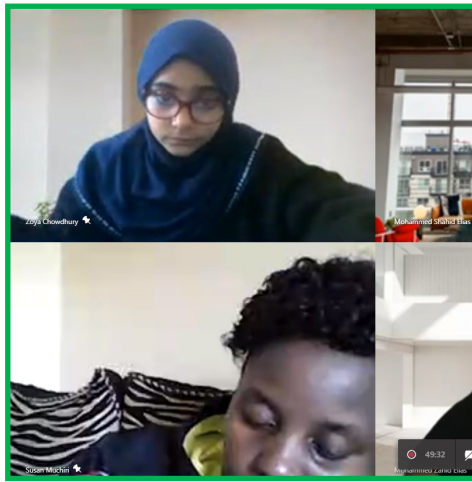

Enjoy the pictures.

Thank you
EYFS Team

The Young Innovators Challenge:

Can your students change the world this summer?

"The true sign of intelligence is not knowledge but imagination" (Albert Einstein)

Do your students have innovative minds? InvestIN is calling upon all students aged 12-18 to enter **The Young Innovators Challenge**. For each entry, we'll make a donation to The Childhood Trust's 'Champions for Children' charity, which supports vulnerable children affected by the Covid-19 outbreak. The winner will be awarded £50 of Amazon vouchers and a complimentary place on any of our 20 Autumn Term career experience programmes.

We kindly request that you forward this email to students and parents so that they can enter now by [clicking here](#)

The deadline for entries is 31st July
